

(Who we are)

A central laboratory and deliveries within an hour from the order throughout Milan and Hinterland.

This is how we started in 2000, when digital was new and the concept of delivery unknown.

Twenty-two years have passed and today, as then, we are innovation and quality.

Tramezzino.it is a preferred partner of companies for catering and business lunch services.

Today it aims to satisfy all palates with tasty variants including cold menus, bagels, salads, fresh fruit, desserts, BOX LUNCH and an entire Unit dedicated to Pastries.

All to be conveniently ordered online or arranged with our sales representatives.

Delivery service is on time and guarantees product freshness and integrity.
